FINEST LAYOUT STUDIO

Shower Design Preview

Layout, components, and 3-D preview of a tub-to-shower conversion

An original design document — created in-house by Finest Remodeling & Construction.

Document:	Design example — Finest Design Studio library, Example No. 1 (Shower)
Project:	Tub-to-shower conversion — standard 60 in x 32 in alcove
Date:	November 6, 2026
Basis:	Finest standard conversion layout — tile per Floor & Decor current listings

Inside this preview

1. The layout — plan and wall elevation, with every dimension
2. The full component list — tile, niche, glass, and fixtures
3. The 3-D preview — how the finished shower will look
4. Materials & selections — and the next steps

Your design at a glance

- Calacatta-look porcelain walls, 12 x 24, tiled to the full 8-foot height
- Calacatta Bluette hexagon marble mosaic floor — center drain, brushed nickel
- The signature niche, 24 in x 18 in — mosaic back, wall-tile sides
- Corner bench in the back-right corner — wrapped in the same wall tile
- One frameless sliding glass panel — all-in-one shower panel, brushed nickel throughout

Shower — Plan view (from above)

The old tub's alcove becomes the shower — same footprint, drain moved to the center.

Overall alcove: 60 in wide x 32 in deep — the standard tub footprint.

Back wall — Elevation

Wall tile runs the full height — floor to ceiling at 8 ft.

Niche sill at standing reach height; its back is the shower-floor mosaic, its sides the wall tile.
The all-in-one shower panel mounts on the end wall (the old tub's plumbing wall). Drain relocated to the center.

Concept preview — not a contract. Final proposal follows field measure and collection confirmation.

Component list — tile, glass & fixtures

TILE & SURFACES		
WAL	Wall tile — Calacatta-look porcelain, 12 in x 24 in, running bond, three walls to 8 ft	buy ≈ 97 sq ft
FLR	Shower floor — Calacatta Bluette Hexagon Polished Marble Mosaic (Viviano), 3 in hex	≈ 11½ sq ft
NCB	Niche back — same hexagon mosaic as the floor	3 sq ft
CRB	Curb — tiled, wrapped in the hexagon mosaic	≈ 6 sq ft
BCH	Corner bench — back-right corner, wrapped in the wall tile (top & face)	1
GRT	Grout, stone sealer & waterproofing system	1 lot
THE NICHE — FINEST SIGNATURE		
NCH	Recessed shower niche, 24 in wide x 18 in high — mosaic back, wall-tile sides	1
GLASS & HARDWARE — BRUSHED NICKEL		
GLS	Frameless sliding glass panel — ONE panel, slim top rail, brushed nickel hardware	1
THE SHOWER PANEL — ALL-IN-ONE, BRUSHED NICKEL		
PNL	All-in-one shower panel tower — rainfall, body jets, digital display, handheld wand	1
DRN	Center drain, round, brushed nickel — relocated to center	1

Finish: Brushed nickel throughout — shower panel, drain, and glass hardware.

Tile source: Floor & Decor — Viviano Calacatta Bluette mosaic; Calacatta-look wall porcelain.

Quantities are design-stage approximations for the standard 60 x 32 conversion; confirmed at field measure.

Material takeoff — the tile the customer purchases

Wall tile, 12 x 24 — 88 sq ft net. Buy ≈ 97 sq ft with cuts & waste (about 49 pieces).

Hexagon mosaic — 20 sq ft net (floor, niche back & curb). Buy ≈ 23 sq ft (about 21 sheets, 12 x 13).

Net measured on this layout: walls to 8 ft, niche back & jambs, bench wrap, shower floor & curb.

Setting materials, waterproofing, glass and the shower panel are provided by Finest.

Concept preview — not a contract. Final proposal follows field measure and collection confirmation.

Your shower, finished — Calacatta walls, hexagon mosaic floor, the signature niche, one frameless panel

Concept rendering drawn from the layout in this packet. Final colors and finishes follow the selected tile and samples.

Materials & selections

Walls:	Calacatta-look porcelain, 12 x 24, running bond — all three walls tiled to the full 8-foot height
Floor:	Calacatta Bluette hexagon marble mosaic (Viviano) — small hexagons grip underfoot and slope to the drain
The niche:	24 in x 18 in, recessed in the back wall — its back is the floor mosaic, its sides the wall tile; the Finest signature
Bench:	Built-in corner bench in the back-right corner — wrapped in the same wall tile, seat and face
Drain:	Relocated to the center of the shower floor — round, brushed nickel
Glass:	One frameless sliding panel on a slim top rail — brushed nickel hardware; open entry beside it
Shower panel:	All-in-one shower panel tower on the plumbing wall — rainfall canopy, body jets, digital display, and a docked handheld wand — brushed nickel

Next steps

First Look — we see your bathroom, confirm the tub alcove and the plumbing wall.
Design preview — this packet, with your tile selections confirmed in person.
Written proposal — your full proposal with final pricing and terms,
ready to review and sign from your phone.
Build — tub out, drain centered, tile, glass, and your walkthrough.

Our promise

Workmanship warranty: 1-year limited. Materials under the manufacturer's warranty.
The full written proposal and agreement, with final pricing and payment terms,
follows separately for your review and signature.
